Agenda Items

1. General TCS Logistics

a) Attendee and Volunteer Lists

- i) To incorporate a “de-prioritized” list that includes names of TCS members who cancelled last-minute without replacement and/or are a no-show to events. The aim of this de-prioritized list is to prevent wastage of SGN funds and/or lost networking opportunities of other TCS members who could have attended instead.
- ii) To incorporate a contact list of volunteers (e.g. name / number / interested in networking or outdoor activities or food / etc.).
 - o Adding onto this would also be a field for reference when a volunteer helped and is therefore eligible to a reward (refer to: Annex A, Point 3. Operational Guidelines, Part d. Volunteer Rewards Program).
- iii) We had received ample feedback about how a newcomer(s) or first timer(s) were not able to attend some of our more popular events, or how they have tried for years but were too late to sign up. As such, for future events, we will have an additional data field for reference during sign up, to ensure a number of seats will be reserved for first timers.

b) Access to Gmail accounts and documents

- i) ExCo member(s) access to the TCS main Gmail account will be removed to avoid any misunderstandings, oversight or miscommunications with regards to E-Mails, documents, and/or communications.
- ii) Each ExCo member’s personal E-Mail account will be granted selective access instead. Thus increasing accountability and targeted responsibility.
- iii) Only the President, Vice President(s), Communications Lead, and Professional Lead will have direct access to the TCS main Gmail account.

2. TCS Finances and Funding

- a) Our main source of funding is through SGN sponsorship, which greatly subsidizes our events, with event attendees covering the gap.
- b) An actual Statement of Accounts overview is to be created to allow treasurers better oversight and control over funds.

- c) Effective immediately, for upcoming events that are not FOC, a pre-payment will be implemented to secure each participant's admission.
 - i) At the moment, this will be rolled out as a TWINT (CHF) / PayNow (SGD equivalent) option. We are working on incorporating an actual payment webpage (PayPal / Credit Card etc).
 - ii) A confirmation email + tracking code will be provided to each participant, alongside the TWINT and PayNow details for remittance.

Temasek Club Singapore C/O Permanent Mission of Singapore in Geneva, Av. du Pailly

1. Introduction

Founded in 2001, Temasek Club Switzerland (TCS) is a non-profit, non-governmental organisation managed by Singaporeans living in Switzerland. Membership is open to all Singaporeans and friends of Singapore who are presently residing or previously resided in Switzerland.

For over two decades, TCS has been serving the Singapore community in Switzerland. Our community has grown and evolved, offering numerous events and initiatives to connect and support our members. TCS is supported by the Permanent Mission of Singapore in Geneva and the Singapore Global Network.

OUR VISION

To be the cornerstone for Singaporeans in Switzerland, fostering a vibrant and connected community that embodies the Singapore Spirit through social, educational and professional exchanges, and global engagement.

OUR MISSION

TCS strives to build and sustain a dynamic network for Singaporeans and friends of Singapore in Switzerland, offering enriching cultural experiences, robust educational support, professional development opportunities, and fostering connections with international friends and organisations.

OUR STRATEGY

❖ Cultivating the Singapore Spirit

TCS strives to represent, cultivate, and sustain the “Singapore Spirit” in Switzerland by initiating and maintaining relationships with Singaporeans currently living or who have previously resided in Switzerland. We aim to foster a sense of community and connection so that everyone feels at home, no matter how far they are from Singapore.

❖ Strengthening the Singaporean Identity

TCS hopes to strengthen the Singaporean identity in Switzerland and the broader European neighbourhood by keeping in touch with overseas Singaporeans and organising relevant activities. Our events and initiatives are designed to celebrate our culture, heritage, and shared experiences, reinforcing a strong sense of belonging and national pride.

❖ Supporting SGN and Collaborative Platforms

TCS coordinates with and supports the Singapore Global Network (SGN) and other communities to facilitate information exchange, engage in meaningful dialogue, and participate in joint projects. Our collaboration aims to create a cohesive and supportive network for all Singaporeans in Switzerland.

❖ Focused on Four Pillars

TCS’s activities are centred around four core pillars:

★ Community, ★ Education, ★ Professional and ★ International Organisations.

By focusing on these key areas, we provide comprehensive support to our members through community-building events, educational initiatives, professional networking opportunities, and connections with international organisations. This holistic approach ensures that we meet the diverse needs and interests of our community in Switzerland and promote growth and development across all aspects of our members’ lives:

★ The Community pillar is dedicated to fostering a sense of belonging and camaraderie among Singaporeans in Switzerland. We organise social events and activities that bring people together, celebrate our culture, and build lasting friendships.

★ The Education pillar focuses on supporting Singaporean students and continuous learning within our community. We organise various events

and initiatives to connect students with resources, mentors, and each other.

- ★ The Professional pillar aims to support career development of our members by providing networking opportunities, professional growth resources, and platforms for knowledge exchange.
- ★ The International Organisations (IO) pillar leverages the presence of numerous IOs concentrated in Geneva, Switzerland to create a global network of Singaporeans working in these fields. It aims to provide insights, connections and opportunities related to IO careers.

2. TCS Organizational Structure

The below description explains how the ExCo currently hopes to structure the organisation and activities to provide interesting opportunities for ExCo members' personal growth while serving the community. Anyone is welcome to approach the ExCo to express interest in taking up any of these roles, or even to propose new roles that may suit their interests while benefitting the community.

a) Honorary Advisor to TCS

Ambassador Tan Hung Seng currently serves in this role, helping provide crucial support to TCS events and initiatives, such as funding for gatherings and referrals to relevant people for organising events. TCS is grateful for his continued assistance and presence at our events.

The Permanent Mission of Singapore in Geneva is an important resource for TCS activities, while TCS provides a direct point of contact to the Singaporean community in Switzerland. TCS will endeavour to continue cooperating with the Singapore Mission in major events such as the annual Lunar New Year and National Day events.

b) Executive Committee

The ExCo is designed in line with TCS's 4 pillars of Community, Education, Professional, and International Organisations. All ExCo volunteers are requested to stay for a minimum duration of 1 year, with no upper limit on tenure except for a reminder to be mindful of ExCo continuity.

Role and description of each position:

- i) President
Sets overall direction, priorities and key events for each calendar year, and decides on prioritisation of resources when necessary. Ideally, the most experienced ExCo member and has good awareness of all activities.
- ii) Vice President(s)
Responsible for operations such as applying for funds, partnerships and organisation of events. The main point of contact with the Permanent Mission of Singapore in Geneva. There are two Vice Presidents to increase the likelihood of having successors for the president.
- iii) Communications Lead
Responsible for administering the communication channels such as WhatsApp, Facebook, Instagram, and website; conveying official messages from Singapore (elections, etc) or announcements; celebratory messages and greetings, year-end wrap-ups; posting event pictures.
- iv) Community Lead(s)
Responsible for social events such as wine tours and hikes. Also the main point of contact for "TCS Volunteer Network", a group of self-identified individuals who express interest in volunteering for TCS.
- v) Education Lead(s)
Responsible for events in the education pillar such as student welcome drinks, webinars of related topics, and main point of contact for TCS education-related requests. Covering East and West Switzerland.
- vi) Professional Lead
Responsible for events in the professional pillar such as networking events or webinars of related topics. Maintains a database of professionals in Switzerland and contact points with EDB in Switzerland.
- vii) International Organisations (IOs) Lead
Responsible for building a network of Singaporeans working in IOs globally by leveraging existing networks in Geneva.

Responsibilities are indicative only and in practice everyone on the ExCo helps one another with their tasks all the time, especially when TCS work clashes with other personal or work commitments.

c) ExCo Alumni

All previous ExCo members join the ExCo Alumni by default after leaving and form an important source of institutional knowledge for future TCS ExCo. It is important to identify and maintain contact with this group of people for continuity reasons.

d) Treasurers

Treasurers impose a layer of financial control between TCS ExCo and the bank funds, thus increasing accountability and discipline.

e) General Members

TCS exists to serve the Singaporean Community in Switzerland, and of course everybody with a Pink IC are members by default!

3. Operational Guidelines

a) Simplified Annual General Meeting format

- Disseminate draft before AGM via the WhatsApp community announcement channel.
- There will no longer be any physical or virtual meetings.
- The community is given two weeks to comment on the draft.
- Draft will be finalised thereafter and uploaded to singaporeans.ch, and items are assumed to be accepted unless objected upon.

b) WhatsApp chat rules

As this is the most immediate and primary means of communication for our community, the chat rules have been included as an annex to this document (Annex B).

c) Administration of funds and accounts

- TCS is wholly volunteer-driven and no member shall receive remuneration as compensation for their efforts.
- Based on our understanding, donations are the only legal way to raise funds given TCS's current legal status in Switzerland as an Association.
- The committee shall endeavour to maintain stable account balances and collect donations whenever possible, for example by actively requesting a nominal co-payment from participants at events, especially those that receive funding from external sources (Singapore Mission in Geneva, SGN, etc).

- Funds shall only be used in administering the club such as club activities and member-related events.
- A statement of accounts shall be presented at every AGM.

d) Volunteer Rewards Program

- This program seeks to reward and recognise individuals who contribute actively to our community.
- Eligible contributions are solely defined as organising events.
- The volunteer is entitled to a one-time priority registration for the CNY/NDP lunches organised by TCS in the following year (i.e. lunches in 2025 for volunteer contribution in 2024). This means that the volunteer will have almost-guaranteed (99% chance) registration at one event of their choosing the following year, but remain subject to the same requirements as other participants such as co-payments.
- Due to limited opportunities to provide rewards, each volunteer will receive only one reward per year, regardless of the number of events organised in the preceding year. This rule will be revised as soon as resources allow for multiple rewards.
- Please feel free to approach any of the ExCo if we accidentally left you out of the rewards program!
